

ST ADAPTORS

Alfafonet ST adaptors have high precision alignment sleeves for reliability and better reconnectability. ST adaptors come with a ceramic sleeves for the singlemode phosphor bronze or ceramic sleeve for multimode. The housing is available in double D footprint type.

Features

- ✓ Complies with IEC 61754-12
- ✓ Low insertion loss and improved reconnectability
- ✓ RoHS, REACH compliant
- ✓ Available in simplex or duplex

Applications

- ✓ Data processing networks
- ✓ Premises distribution

Technical Specification

Optical Performance	Ceramic	Phosphor Bronze	Conformance
Insertion Loss (Typ)	0.1dB	0.15 dB	IEC 61300-3-4
Mating Durability	500		IEC 61300-2-2
Receptacle Retention Force	2N - 5.9N		IEC 61754-20
Operating Temperature	-25 to + 70°C, 12 Cycles		IEC 61300-2-22
